

LA COSTA OAKS COMMUNITY ASSOCIATION

March 18, 2020

ATTN: ALL HOMEOWNERS, RESIDENTS & GUESTS

Due to the recent COVID-19 outbreak and the declared State of Emergency in California we find it necessary to take steps to protect the membership and the community of La Costa Oaks.

Effective Wednesday, March 18th, 2020, the facilities of La Costa Oaks-including the gym, pools, and clubhouse will be closed for use temporarily until further notice. We will make every effort to make our facilities available as soon as it's safe to do so. The parks and playgrounds will remain open but we suggest that you take your own protective measures and precautions necessary to protect your family from COVID-19.

A La Costa Oaks staff member will continue to be onsite to take your phone calls and emails. If you need to submit an architectural application you may submit it by email and or USPS mail.

While amenities are temporarily closed, the Association will be adhering to the social distancing requirement and will mail the new amenity access cards to our members who have completed and returned the form to the Association office. If you have not done so, it's not too late, just call or email the office at (760) 943-6650 or csurette@keystonepacific.com for more information.

All Landscape, Architectural and Social Committee meetings, and Social events such as Thursday Night Poker, Mah Jong, and Easter Egg Hunt will be postponed until further notice. All Clubhouse use and rental reservations for the month of April will be cancelled.

Please recognize that these are temporary measures and as soon as things get better we will resume as usual. Again, we strive to open the facilities as soon as possible and we appreciate your understanding of these actions during this State of Emergency.

Our best to all of you and please take care of yourself and your families.

Kindest regards,

La Costa Oaks Board of Directors
